Professional Overview

I am an Economist who is passionate about applying and communicating economic principles to create better outcomes for all. I have 5 years professional experience in economic policy and research. I am on a sabbatical from the Australian Industry Group, where I hold a Senior Economist role, to complete my Master of Science in Economics at the University of Edinburgh, Scotland.

Professional Experience

Senior Economist

Dec 2017 – Current

The Australian Industry Group (Ai Group)

Melbourne and Brisbane, Australia

Responsible for analysis and commentary on Australian and international economic developments. I started as an Economist in 2017 and was promoted to Senior Economist in 2019.

Key responsibilities:

- Providing economic advice and research
 - Constructing data visualisations
 - Presenting economic updates to Government agencies, journalists and business
 - Statistical and policy analysis
 - Preparing Ai Group business surveys and research reports
 - Supervising and supporting junior colleagues
-

Data Analyst

Feb 2016 – Dec 2017

Department of Industry, Innovation and Science

Canberra, Australia

Worked across industry growth sectors, modelling workforce requirements to deliver government services and the budget process, including costing new policy proposals.

Key responsibilities:

- Modelling workforce requirements and making recommendations based on the modelling to the Executive
 - Budget analysis including costing new policy proposals
 - Reporting on recent foreign investment trends in the Australian economy
-

Research Economist

Jan 2015 – Jul 2015

Synergies Economic Consulting

Brisbane, Australia

Hired as a summer intern and upon completion of my internship, I was asked to stay on while finishing my university studies.

Key responsibilities:

- Economic research on wheat supply chains, port facilities and the energy market
 - Policy updates
 - Report writing
-
